

**REMARKS**

Reconsideration of the subject application as amended herein is respectfully requested.

The Applicants would like to thank the Examiner for the courtesy extended during the interview of June 15, 2005. At the interview, the Examiner agreed that claims covering protrusions and depressions distributed under the rail were allowable. Accordingly, claims 1 and 24 have been amended to describe the protrusions and depressions accordingly.

In addition, claim 9 has been amended to include the limitations of allowable claims 11 and 12. It is respectfully submitted that claim 29 as originally presented already includes the limitations of allowable claims 11 and 12 and therefore it is allowable for the same reason.

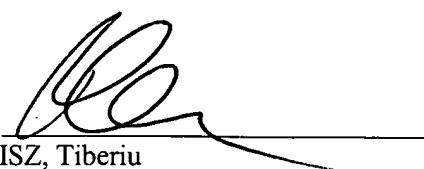

New claim 31 includes the limitations of original claim 9 and allowable claim 13. .

It is respectfully submitted that the subject application is patentably distinguishable over the prior art and should be allowed.

Although no fee is deemed necessary, the Examiner is authorized to use Deposit Account No. 07-1730, for any fee that may be required.

Respectfully submitted,
